Dear Supervisor Barton,

I am finding that I will not be living in District Three of the Alachua Soil and Water Conservation District after the election in November. Therefore, I am officially withdrawing as a candidate for the Supervisor position in District Three. If you could please have my name removed from the ballot. Also, if you could please let me know what further steps, I need to take. in order to finalize financial reports or any other details. Thank you so much for the kind assistance that you and Deputy Assistant Elections Supervisor Tim Williams have provided to me.

Sincerely,

A handwritten signature in cursive script that reads "John Chamberlain".
