

To Whom It May Concern:

I was a candidate for Seat 1 of the Parker City Council. When I made a deposit for my campaign on March 4, 2021 for \$400.00, the bank also deposited a check for \$8.18 from an insurance rebate for a total deposit \$408.18. The rebate check was supposed to be cashed but because I had no account with them before this deposit, they deposited it in my campaign account. Therefore, in my last report to the Supervisor's office was \$8.18 off.
