Subject: Election Information

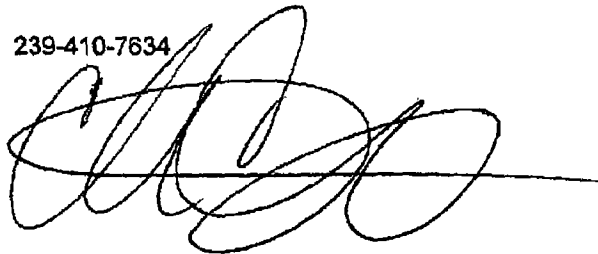

Bernie, I have run into some unexpected family and health related issues over the past few weeks that have forced me to make some difficult decisions. As a result of all this I will be forced to withdraw my candidacy for the office of Lehigh Acres Fire Board Seat #5. Is there any formal paperwork that I need to submit for this?

I have looked at the withdrawal procedures related to campaign finance. I have not had any expenditures, only a few donations. As I read it I can return the unused funds to the contributors in the form of checks from the campaign account, correct?

Thank you for your assistance, you have been very helpful.
