

Mr. Wilcox,

Please accept this as my withdrawal from the Marion County School Board District 1 race. Unfortunately, family illness at the start of the year followed by the COVID pandemic made continuing to campaign untenable.

Additionally, I wanted to commend the staff in your office. They were extremely courteous and helpful throughout the process. Being new to campaigning they were very informative and knowledgeable about all requirements. Ms. Hankemeyer in particular was a wealth of information to ensure statutory compliance. I am confident that should I run again in the future I would be very well prepared by your staff's assistance during this campaign season.

Thank you, to you and your office, for what you do for Marion County.

Respectfully,
