To: The Marion County Democratic Executive Committee

I performed a financial review of the Marion County Democratic Executive Committee to determine the accuracy of the Financial Reports presented for the calendar year ending December 31, 2023. I did not find any discrepancies between the monthly bank statements and the monthly Financial Reports.

1. The monthly revenue and expenditures are presented accurately.
2. All expenditures are supported with invoices or explanation of reason for the expenditure.
3. The Quarterly Reports to the Marion County Supervisor of Elections reconciled with the Financial Reports for the year.

Sincerely,

Otis Brown, Accountant
