

To Whom it May Concern

Re: Withdrawal from Candidacy for BOCC 1

Effective February 20, 2019

To Whom It May Concern:

This letter is to acknowledge my withdrawal from the race for BOCC #1, 2020.

I want it to be known that I do not do this because of the current seat holders or because of their actions. I further do not do this because of any actions against the current county commissioners. I did this solely because of the error in advisement to file for the proper accordance.

My true intent is to advocate for the local city level seat and work my way up through the ranks. I feel that the support of the leadership is much needed as I grow in the Pasco County and Dade City political atmosphere.

I wish any and all candidates the best in their endeavors and with gods grace will be my intent to run for a higher seat in the future elections to come.

God bless

Christopher King
Democratic Candidate
